

Women in Development

Pacific Women Shaping Pacific Development

Pacific Women Shaping Pacific Development is an initiative aiming to improve the political, economic and social opportunities of Pacific women.

Australia supports local efforts to help gender equality, improve community safety and increase the number of women earning an income.

Since 2009

Ending violence

Australia is a proud partner of Vanuatu Women's Centre

10 000 survivors of family violence were assisted with legal assistance and counselling services

100 male advocates trained to prevent and address violence against women

130 000 women and men reached through community awareness

Economic empowerment

132 women benefited from the Australia Awards scholarship program

461 women out of 823 graduates from the Australia-Pacific Technical College (APTC)

2400 women trained through Australian Government funded TVET Centres

Women's leadership

Australia will help Vanuatu implement recent measure to **reserve seats for women**

Representatives in municipal elections with training and advice

130 women from the Justice sector coached and mentored in decision-making skills

Woman long Development Pacific Women Shaping Pacific Development
